

# PROGRAM "SHOUT OUT" FORM LION KING JR.

The Seminole Theatre Players is the resident theatre company of the Seminole Theatre. The company is dedicated to creating live, accessible theatrical productions for and by the local community. Cast and crew volunteer hundreds of hours of their time to put on three productions each year -- a family favorite, a holiday classic, and a Broadway musical.

Through ad sales, the STP can afford to buy lumber to build sets, make or rent costumes, hire sign language translators for some of the performances, and pay the printers for these awesome playbills (programs).

We know that friends and family want to support their favorite actors. So, we have designed the "shout out" program.
